

## Index to Volume 14: Subject

### A

#### Accidental falls

- A fall prevention educational program for community dwelling seniors (Schoenfelder and Van Why). 383

#### Adolescence

- Adolescent females' attitudes, subjective norms, perceived behavioral control, and intentions to use latex condoms (Rannie and Craig). 51

#### African Americans

- Nursing case management and its role in perinatal risk reduction: development, implementation, and evaluation of a culturally competent model for African American women (Gonzalez-Calvo et al). 190

#### Aged

- Development of the health-promotion activities of older adults measure (Padula). 123
- A fall prevention educational program for community dwelling seniors (Schoenfelder and Van Why). 383
- Giving voice to elderly people: community-based long-term care (Krothe). 217
- Health behaviors of an elderly Filipino group (DiPasquale-Davis and Hopkins). 118
- Identification of needs of and utilization of resources by rural and urban elders after hospital discharge to the home (Schultz). 28
- Measuring the need for nursing care in older adults living at home (Hays et al). 37
- The retirement transition and later life family unit (Smith). 207

#### Air pollution, indoor

- Indoor air pollutants and sick building syndrome: a case study and implications for the community health nurse (Tsacoyianis). 58

#### Alcohol

- Tried, true, and new: public health nursing in a county substance abuse treatment system (Littman and Ritterbusch). 286

### B

#### Breast feeding

- Effects of parity and weaning practices on breastfeeding duration (Hill et al). 227

### C

#### Cancer

- Rural dwellers' cancer fears and perceptions of cancer treatment (Burman and Weinert). 272

#### Care pathways

- Designing a care pathway for a maternity

support service program in a rural health department (Olds). 332

#### Career choice

- The lateral arabesque (Shamansky). 257 (Editorial)

#### Caregivers

- Caregivers' knowledge and perceptions of preventing childhood lead poisoning (Mahon). 169
- Family caregiver's satisfaction with home care in the Taipei metropolitan area (Chiu). 42
- Social networks of women caregivers (Fudge et al). 20

#### Case management

- Nursing case management and its role in perinatal risk reduction: development, implementation, and evaluation of a culturally competent model for African American women (Gonzalez-Calvo et al). 190

#### Cervix neoplasms

- Cervical cancer screening practices among Latino women in Chicago (Peragallo et al). 251

#### Child

- Caregivers' knowledge and perceptions of preventing childhood lead poisoning (Mahon). 169
- Child-focused single home visiting (Byrd). 313
- Childhood lead poisoning on the US-Mexico border: a case study in environmental health nursing lead poisoning (Amaya et al). 353
- Community health and pediatric nurses' knowledge, attitudes, and behaviors regarding child sexual abuse (Blakeley and Ribeiro). 339
- Indicators of possible lead exposure among children attending public lead screening clinics: implications for primary prevention (Porter and Severtson). 12
- Lead poisoning and associated risk factors among preschoolers enrolled in a Head Start program (Singer et al). 161
- Mobilizing for child health and well being (Graham). 189 (Editorial)
- A typology of the potential outcomes of maternal-child home visits: a literature analysis (Byrd). 3

#### Client competence; see Patient competence

#### Client-nurse relationship; see Nurse-patient relations

#### Collaboration

- Are we ready to collaborate for community-based health services? (Flynn). 135 (Editorial)
- The client-nurse relationship as experienced by public health nurses: toward better collaboration (Paavilainen and Åstedt-Kurki). 137

#### Communication

- Communication types and sexual protective practices of college women (Cobb). 293

#### Community caring

- Community caring: an ethnographic study within an organizational culture (Davis). 92

#### Community health nursing

- Community health and pediatric nurses' knowledge, attitudes, and behaviors regarding child sexual abuse (Blakeley and Ribeiro). 339
- Indoor air pollutants and sick building syndrome: a case study and implications for the community health nurse (Tsacoyianis). 58
- A public health nursing model (Kuss et al). 81
- Supporting one another: the definition of PHN, awards, and the impromptu (Wallinder). 77 (Editorial)

#### Community health services

- Are we ready to collaborate for community-based health services? (Flynn). 135 (Editorial)
- Giving voice to elderly people: community-based long-term care (Krothe). 217

#### Contraceptive devices, male

- Adolescent females' attitudes, subjective norms, perceived behavioral control, and intentions to use latex condoms (Rannie and Craig). 51

#### Contraceptives

- Communication types and sexual protective practices of college women (Cobb). 293

#### Cultural factors; see Ethnic factors

### D

#### Delivery of health care

- Health care delivery in faith communities: the parish nurse model (Weis et al). 368

#### Demographics

- Demographic factors: interaction effects on health-promoting behavior and health related factors (Felton et al). 361

#### Door-to-door testing

- TB or not TB? increasing door-to-door response to screening (Clark et al). 268

#### Drug abuse; see Substance abuse

### E

#### Editorials

- Are we ready to collaborate for community-based health services? (Flynn). 135
- The caring conundrum (Shamansky and Graham). 323
- Ethics: do we really care??? (Graham). 1
- The lateral arabesque (Shamansky). 257
- Mobilizing for child health and well being (Graham). 189
- Supporting one another: the definition of PHN, awards, and the impromptu (Wallinder). 77

#### Education

- Demographic factors: interaction effects on health-promoting behavior and health related factors (Felton et al). 361

Focus groups among public, military, and private sector mothers: insights to improve the immunization process (Houseman et al). 235

Issues in the integration of standardized language for nursing populations: a study of drug-exposed infants' records (Kane and Mahony). 346

Nursing case management and its role in perinatal risk reduction: development, implementation, and evaluation of a culturally competent model for African American women (Gonzalez-Calvo et al). 190

Parental concerns of Mexican American first-time mothers and fathers (Niska et al). 111

Staff evaluation of a high-risk pregnancy program (Mackey and Sobral). 101

## Information resources

"Bridging the information gap" for Virginia public health nurses (Self et al). 151

## K

## Knowledge, attitudes, practice

Community health and pediatric nurses' knowledge, attitudes, and behaviors regarding child sexual abuse (Blakeley and Ribeiro). 339

**L****Language**

- Issues in the integration of standardized language for nursing populations: a study of drug-exposed infants' records (Kane and Mahony). 346

**Latino Americans; see Hispanic Americans****Lead poisoning**

- Caregivers' knowledge and perceptions of preventing childhood lead poisoning (Mahon). 169
- Childhood lead poisoning on the US-Mexico border: a case study in environmental health nursing lead poisoning (Amaya et al). 353
- Indicators of possible lead exposure among children attending public lead screening clinics: implications for primary prevention (Porter and Severtson). 12
- Lead poisoning and associated risk factors among preschoolers enrolled in a Head Start program (Singer et al). 161

**Long-term care**

- Giving voice to elderly people: community-based long-term care (Krothe). 217

**Louisiana**

- Ethics in public health practice: a survey of public health nurses in southern Louisiana (Folmar et al). 156

**M****Mass screening**

- TB or not TB? increasing door-to-door response to screening (Clark et al). 268

**Maternity care; see Pregnancy****Menopause**

- The effects of daily hassles on exercise participation in perimenopausal women (Evans and Nies). 129

**Mexican Americans; see Hispanic Americans****Mexico**

- Childhood lead poisoning on the US-Mexico border: a case study in environmental health nursing lead poisoning (Amaya et al). 353

**Models**

- Health care delivery in faith communities: the parish nurse model (Weis et al). 368
- Nursing case management and its role in perinatal risk reduction: development, implementation, and evaluation of a culturally competent model for African American women (Gonzalez-Calvo et al). 190

- A public health nursing model (Kuss et al). 81

**Morals**

- Ethics: do we really care??? (Graham). 1 (Editorial)
- Ethics in public health practice: a survey of public health nurses in southern Louisiana (Folmar et al). 156

**Mothers**

- Focus groups among public, military, and

private sector mothers: insights to improve the immunization process (Houseman et al). 235

Parental concerns of Mexican American first-time mothers and fathers (Niska et al). 111

A typology of the potential outcomes of maternal-child home visits: a literature analysis (Byrd). 3

**N****Nurse-patient relations**

The client-nurse relationship as experienced by public health nurses: toward better collaboration (Paavilainen and Åstedt-Kurki). 137

**O****Outcomes assessment**

A typology of the potential outcomes of maternal-child home visits: a literature analysis (Byrd). 3

**P****Parents; see also Mothers**

Parental concerns of Mexican American first-time mothers and fathers (Niska et al). 111

**Parish nurse**

Health care delivery in faith communities: the parish nurse model (Weis et al). 368

**Patient competence**

Enhancing client competence: melding professional and client knowledge in public health nursing practice (Reutter and Ford). 143

**Patient discharge**

Identification of needs of and utilization of resources by rural and urban elders after hospital discharge to the home (Schultz). 28

**Patient education**

Enhancing client competence: melding professional and client knowledge in public health nursing practice (Reutter and Ford). 143

A fall prevention educational program for community dwelling seniors (Schoenfelder and Van Why). 383

**Patient satisfaction**

Family caregiver's satisfaction with home care in the Taipei metropolitan area (Chiu). 42

**Poisoning**

Caregivers' knowledge and perceptions of preventing childhood lead poisoning (Mahon). 169

Childhood lead poisoning on the US-Mexico border: a case study in environmental health nursing lead poisoning (Amaya et al). 353

Indicators of possible lead exposure among children attending public lead screening clinics: implications for primary prevention (Porter and Severtson). 12

Lead poisoning and associated risk factors

among preschoolers enrolled in a Head Start program (Singer et al). 161

**Policy making**

Policy advocacy for public health practitioners: workshops on policy change (Badovinac). 280

**Pregnancy**

Designing a care pathway for a maternity support service program in a rural health department (Olds). 332

Effects of parity and weaning practices on breastfeeding duration (Hill et al). 227

More does not mean better: prenatal visits and pregnancy outcome in the Hispanic population (Goss et al). 183

Staff evaluation of a high-risk pregnancy program (Mackey and Sobral). 101

What do public health nurses really do during prenatal home appointments? (Twohy and Reif). 324

**Prenatal care**

More does not mean better: prenatal visits and pregnancy outcome in the Hispanic population (Goss et al). 183

What do public health nurses really do during prenatal home appointments? (Twohy and Reif). 324

**Public health nursing**

A public health nursing model (Kuss et al). 81

Supporting one another: the definition of PHN, awards, and the impromptu (Wallinder). 77 (Editorial)

**Q****Questionnaires**

Ethics in public health practice: a survey of public health nurses in southern Louisiana (Folmar et al). 156

**R****Racial factors; see also Ethnic factors**

Demographic factors: interaction effects on health-promoting behavior and health related factors (Felton et al). 361

**Retirement**

The retirement transition and later life family unit (Smith). 207

**Rural nursing**

Designing a care pathway for a maternity support service program in a rural health department (Olds). 332

Identification of needs of and utilization of resources by rural and urban elders after hospital discharge to the home (Schultz). 28

Resources, stigma, and patterns of disclosure in rural women with HIV infection (Sowell et al). 302

Rural dwellers' cancer fears and perceptions of cancer treatment (Burman and Weinert). 272

**S****Self care**

- The caring conundrum (Shamansky and Graham). 323 (Editorial)

**Seniors; see Aged****Sex behavior**

- Adolescent females' attitudes, subjective norms, perceived behavioral control, and intentions to use latex condoms (Rannie and Craig). 51
- Communication types and sexual protective practices of college women (Cobb). 293

**Sexual abuse, child**

- Community health and pediatric nurses' knowledge, attitudes, and behaviors regarding child sexual abuse (Blakeley and Ribeiro). 339

**Sick building syndrome**

- Indoor air pollutants and sick building syndrome: a case study and implications for the community health nurse (Tsacoyianis). 58

**Social support**

- Social networks of women caregivers (Fudge et al). 20

**Spouse abuse**

- Resource use by abused women following an intervention program: associated severity of abuse and reports of abuse ending (McFarlane et al). 244

**Substance abuse**

- Issues in the integration of standardized language for nursing populations: a study of drug-exposed infants' records (Kane and Mahony). 346

- Tried, true, and new: public health nursing in a county substance abuse treatment system (Littman and Ritterbusch). 286

**Surveys; see Questionnaires****T****Taiwan**

- Family caregiver's satisfaction with home care in the Taipei metropolitan area (Chiu). 42

**Terminology**

- Issues in the integration of standardized language for nursing populations: a study of drug-exposed infants' records (Kane and Mahony). 346

**Transitions**

- The lateral arabesque (Shamansky). 257 (Editorial)

**Tuberculin test**

- TB or not TB? increasing door-to-door response to screening (Clark et al). 268

**U****Urban nursing**

- Identification of needs of and utilization of resources by rural and urban elders after hospital discharge to the home (Schultz). 28

**V****Violence**

- Resource use by abused women following an intervention program: associated severity of abuse and reports of abuse ending (McFarlane et al). 244

**Virginia**

- "Bridging the information gap" for Virginia public health nurses (Self et al). 151

**W****Women**

- Adolescent females' attitudes, subjective norms, perceived behavioral control, and intentions to use latex condoms (Rannie and Craig). 51

- Communication types and sexual protective practices of college women (Cobb). 293

- The effects of daily hassles on exercise participation in perimenopausal women (Evans and Nies). 129

- Nursing case management and its role in perinatal risk reduction: development, implementation, and evaluation of a culturally competent model for African American women (Gonzalez-Calvo et al). 190
